## Projects

---

- **ANDIE - A Non-Destructive Image Editor** (<https://github.com/sebo6921/Non-Destructive-photo-editor>) ANDIE is a non-destructive image editor that preserves the original image and records the sequence of edits. This allows any changes to be applied to a copy without losing information, ensuring all edits can be reversed. Java
- **Portfolio Website** (<https://sebo6921.github.io/Portfolio-website/>) My portfolio website which allows you to see all of my projects. Javascript, CSS, HTML

## Competitions

---

- **Bloomberg Global Trading Challenge** (Bloomberg) Participated in the University of Otago team for the Bloomberg Global Trading Challenge. Nov 2023
- **IMC Prosperity Algorithmic Trading Challenge** (IMC) Participated in the IMC Trading challenge where me and my team team combined algorithmic and manual trading skills to beat other teams in the competition April 2024
